Science/Social Studies/Interventions

Ms. Ducre aducres@stcharles.k12.la.us
 Ms. Mouser kmouser@stcharles.k12.la.us
 Mrs. Gauley lgauley@stcharles.k12.la.us

Gators' Golden Rule of the Week: Learn from your mistakes, accept responsibility for your actions, and move on.

Important Information and Reminders:

- *Students should bring a water bottle and jacket to school every day.
- *Students may wear jeans on Friday with a uniform shirt or spirit shirt.
- *Please make sure to complete all back-to-school paperwork either in PowerSchool or on paper as soon as possible.
- *All transportation changes should be emailed to kwdbus@stcharles.k12.la.us.

Important Dates:

- February 9: Mardi Gras Parade (students need to wear closed-toe shoes)
- February 12-16: Mardi Gras Break

English Language Arts

As we move into this week, we will continue our final unit in ELA for the year: "The Louisiana Purchase." Throughout this unit, we will explore the history of our state of Louisiana and the people involved. Our studies will help us to answer our Culminating Task question at the end of this unit: Who benefited the most and who benefited the least from the Louisiana Purchase and why? As we explore this unit, be prepared to review vocabulary with your child that is specific to the time and era. This unit will also help us hone our social studies skills, as we prepare to learn about Louisiana history through map skills, geography and interactions with different groups of people. There is no homework spiral this week, but students should read the same passage for fluency this week.

Social Studies/Flex Group Time

Flex Grouping will resume next week. Based on the MOY (middle of the year) data, students have been painstakingly placed in learning environments best suited to their individual needs. Additionally, we will continue with our new Social Studies curriculum on alternate days. Students will continue learning about "The Founding of the United States of America".

Math

This week in math, we will complete Module 4 by creating floor plans. Students will complete the Math Interim on Wednesday & Thursday. This is a LEAP practice test. No homework this week.

Science

This week's science class will continue with **Module 3: Traits**. Our primary focus will be on the question: "How do individuals change over time?" After completing Lesson 11, students will complete a *Conceptual Checkpoint* on **Tuesday**. Students will be expected to analyze how interactions between an individual and its environment can influence the individual's traits. On **Thursday, February 8th**, they will have their first summative of the quarter. This will cover lessons 1-11. Students are encouraged to review the Learning Log every night to prepare for all upcoming assessments as part of their homework routine.

Homework and Quizzes

	Monday	Tuesday	Wednesday	Thursday	Friday
ELA	Fluency	Fluency	Fluency	Fluency	
Science	Study Learning Log.	Study Learning Log. <i>Conceptual Checkpoint</i>	Study Learning Log.	Test #1 Lessons 1-11
