*Owner Occupied with Homestead Exemption*
On Saturday, May 2, the School System will ask the citizens of St. Charles Parish to approve the funding necessary to continue excellent educational opportunities in quality facilities. Voter approval for a $42 million dollar bond issue with no increase in the current tax rate will help accomplish this goal.

**PURPOSE**

The purpose of this bond issue is to upgrade the safety and security features and equipment at all sites throughout the school system. This will include main building renovations at Lakewood Elementary School and Albert Cammon Middle School to construct closed classrooms with access control. These two buildings are the last of the “open concept” centers built in the 1970s-1980s.

In addition, a Performing Arts Center will be constructed to serve schools and our community. This state-of-the-art facility will expand and enrich performing arts in the school system while enhancing performance and educational opportunities for students and community members.

- **Lakewood Elementary School**
  - Renovations to main building to construct secure, closed classrooms including new paint, light fixtures, flooring, ceiling work and restrooms

- **Albert Cammon Middle School**
  - Renovations to main building to construct secure, closed classrooms including new paint, light fixtures, flooring, ceiling work and restrooms

**Passage of Bond Issue Will Help Fund**

- **Safety and Security Upgrades**
  - Security camera additions and upgrades
  - Electronic access control
  - Electronic visitor management system
  - Perimeter fencing

**Passage of Bond Issue Will Allow For**

- **School Renovations**
  - Play area surfacing
  - Interior and exterior lighting

**Passage of Bond Issue Will Help Build**

- **Performing Arts Center**
  - Construct world-class performing arts facility on Judge Edward Dufresne Parkway for school, community and professional performances and educational opportunities. In addition to a professional performance theater, the facility will include areas to accommodate special interests such as:
    - Theater
    - Music
    - Dance
    - Set Design
