B Week

What We're Learning:

Math:

Students will work through lessons 15-18 of Module 2 this week. Students will practice counting on and counting back to solve for a missing part.

Reading:

Students are enjoying hearing the similar tales we've been reading. This week we will hear the stories for Thumbelina and Issun Boshi as students compare and contrast the unique events of these little characters.

Phonics:

We will continue practicing reading and spelling one-syllable long vowel words. Students will continue practicing with a_e, i_e, and o_e this week before being introduced to u_e on Friday. Students will continue decoding words as we read our Gran reader. Remember to practice their tricky words with them so they can read them when they appear in texts.
