

MRS. ST. ROMAIN

astromain@stcharles.k12.la.us

Week of:
Nov. 6 - 10, 2023
A Week

What We're Learning:

Math:

On Monday we will review word problem types. The rest of the week will be spent completing lessons 2-4 in Module 3. Students will solve problems with three addends (parts) by first making a ten. On Friday, students will solve problems within 20 by decomposing the smaller addend to make ten.

Reading:

We will begin Domain 4 on Early World Civilizations. Students will hear literary non-fiction stories as they learn facts about Mesopotamia this week.

Phonics:

I will spend the beginning of the week assessing student's reading abilities and tricky word knowledge. On Thursday we will begin Unit 3. We will learn a new vowel team (vowel digraph) 'oo' that says /oo/ and start our new reader.

Calendar:

November 6-10th:

Book Fair

Food Drive

November 8th:

Fundraiser Ends

November 15th:

Progress Reports go home

Notes:

We will begin taking spelling tests next week. The spellings will be explicitly taught and practiced in class. The test will assess their application of the sound/spelling and not memorization of each word.

Homework:

Monday	Tuesday	Wednesday	Thursday
<ul style="list-style-type: none">Handwriting Practice on PP.4	<ul style="list-style-type: none">Math PageTricky Word Tic-Tac-Toe	<ul style="list-style-type: none">Math PageTricky Word Tic-Tac-Toe	<ul style="list-style-type: none">Read PP.36 and record on your library logSpelling/Phonics Practice Page

Spelling Practice:

Phonics Sound/Spelling:

/ae/ - 'a_e' (cake), /ie/ - 'i_e' (bike), /oe/ - 'o_e' (ride), /ee/ - 'ee' (bee)

Tricky Word: they
