MISSION:

- Allemands Elementary School is committed to building the foundation of enthusiastic life-long learners in an equitable, safe, and respectful environment.

## AT ALLEMANDS ELEMENTARY SCHOOL, WE BELIEVE:

- A physically and psychologically safe environment is essential to promote student learning.

- A student's self-esteem is enhanced by positive relationships, open and honest communication, and mutual respect among peers, families, community members and school personnel.

- All students and staff meet high expectations for achievement and success by engaging in challenging and relevant work.

- All children can learn at higher levels when supported daily by a variety of instructional strategies and resources within their school, families, and community.

- Student achievement and teacher effectiveness increase when teachers and students use a variety of questions and/or prompts to advance high level thinking.

- We are...One School, One Team, Making a Difference!

- Excellence is worth the cost.

- All students are given opportunities to engage in quality experiences focusing on science, technology, engineering, art, and mathematics.

Parent Portal

Student records and progress are maintained and updated through PowerSchool. PowerSchool is an Internet-based student information system. Through Parent Portal, one of the components of PowerSchool, administrators, teachers, and parents have access to appropriate student information including assignments, report card grades, teacher comments, and attendance history, enabling all stakeholders to support teaching and learning. Parents/guardians are also able to review and submit pre-completed back-to-school forms online and customize how they hear from the school system. The Parent Portal can be accessed at https://ps.stcharles.k12.la.us.

Technology

St. Charles Parish Public Schools has been ranked as one of the Top 10 Digital Districts in the nation several times by the Center for Digital Education. Technology is integrated into core classes and throughout the school in multiple forms. Each core classroom is equipped with a large screen device, providing a tablet-like experience for teachers and students to collaborate with ease. In addition, a computer is located in each classroom and students interact with technology in Makerspaces.
