

# Let's Build a Partnership!

## *The Team Needs Your Support!*

Parts, materials, competition fees, team merchandise, and travel costs for a FIRST Robotics Team are substantial. They can amount to upwards of \$12,000 for one season. Corporate and community sponsorship is essential.

- Destrehan High School Wildcat Robotics is an IRS 501(c) 3 organization. Your donation to the team is tax deductible. Our tax ID number: 726001-209
- Your company will receive publicity and recognition with leading corporations in the industry.
- Your company will help students learn about the real world of science and technology, opening the doors of opportunity to many scholarships and future employment through gained knowledge and skill application.

Please consider partnering with us. If you or your company would like more information about becoming a sponsor or team mentor, please contact us. We are available for site visits and demonstrations.

For Inspiration and Recognition of Science and Technology

## Help Inspire Young People to Pursue Math, Science, Engineering, and Technology

The Destrehan High School robotics team was established in 2009 to inspire young people's interest in math, science, engineering, and technology. The team was formed as part of the FIRST (*For Inspiration and Recognition of Science and Technology*), a multi-national non-profit organization that aspires to make math, science, engineering, and technology as cool for young people as sporting events are today.

Each year, the students work with engineers to design and build a robot that they compete with in the FIRST Robotics Competition. The Wildcat Robotics team is committed to developing and supporting new FIRST Robotics teams in our area. The program provides real-life experiences and problem-solving opportunities that develop the math, science, engineering, and technology skills needed in young people, in order to ensure the future vitality of our community.

Wildcat Robotics team is committed to developing and supporting new FIRST Robotics teams in our area. The program provides real-life experiences and problem-solving opportunities that

develop the math, science, engineering, and technology skills needed in young people, in order to ensure the future vitality of our community.

Wildcat Robotics is operated as an after-school program and is entirely self-funded by student fundraising, and through community and corporate sponsorship.

**Today's competitors. Tomorrow's engineers.**

## Robotics Competition As Exciting as Any Sporting Event!

It's a competitive spirit to rival any popular ball game. A FIRST Robotics Competition draws team members together to strategize and work cooperatively to defeat international competitors and rise in the ranks to the World Championships.

The competitive atmosphere requires

students to use skill sets in design, engineering, electronics, computer technology, troubleshooting, and teamwork.

Wildcat Robotics

has worked for years to experience the World Championship competition. Your contribution can help these young students achieve at levels admired by NASA scientists. YOU could help our team earn recognition, scholarships, and unlimited prospects in careers of the future!

# YES!

I want to sponsor  
**WILDCAT ROBOTICS!**

### Help our team through sponsorship:

**Gold Level: \$3,000 and above**

Recognition on team banner, website, local newspapers, newsletters, and other publicity. Your company logo will appear on our team t-shirt and robot. You will receive a t-shirt, plaque, and other promotional items.

**Silver Level: \$1,000 to \$2,999**

Recognition on team banner, website, local newspapers, newsletters, and other publicity. Your company logo will appear on our team t-shirt and robot. You will receive a t-shirt and other promotional items.

**Bronze level: \$500 to \$999**

Recognition on team banner, website, local newspapers, newsletters, and other publicity. You will receive a t-shirt and other promotional items.

**Garnet Level: \$100 to \$499**

Recognition on website, local newspapers, newsletters, and other publicity. You will receive a team t-shirt.

**\* All sponsors are invited to attend our end-of-the-year celebration!**
